Interview Summary

Applicant and Applicant's representative thank the Examiner for the telephonic interview held April 28, 2005. The Examiner stated that adding functional language alone to the claims would not make them overcome the cited art. The Examiner suggested the addition of means plus function limitations to overcome the cited art and Applicant has done so in this office action. Applicant noted that the Examiner did not consider the merits of claim 14 and will consider the merits upon Applicant's response to this office action. Regarding the non-elected claims, the Examiner stated they cannot be re-entered into this application but we could file a divisional or national phase entry of the corresponding PCT application.

Therefore, as all rejections and objections have been overcome, Applicant respectfully requests a Notice of Allowance be issued in this case.

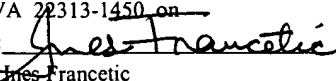

If the Examiner has any questions or needs any additional information, the Examiner is invited to telephone the undersigned attorney at (650) 843-3375.

Respectfully submitted,  
Matthew McQuaid
